

You know the [SLS AMG Cigarette boat](#)? Now Abarth wanted something similar, and they came up with this tender dinghy in [collaboration](#) with SACS.

In proportion to the size of the car, it's actually appropriate. The "SACS – Abarth 695 Tribute Ferrari" is aimed at those dynamic, outdoorsy customers who appreciate a fast, small and very fun machine both on the road and on the water.

They will make 199 units of this tender inspired by the 500 Abarth Tribute Ferrari, which itself is a [limited edition](#) of the Italian city car. It is available in several colours: Abarth 695 Tribute Ferrari, Rosso Corsa, Giallo Modena, Blu [Abu Dhabi](#) and Grigio [Titanio](#).

It is definitely not as posh and luxurious as a proper [yacht](#), but it is much more fun! And it's so [easy to manage](#). The tender comes with exclusive badges on the side and carbon Look panels matching the body cover the console, while seats have characteristic Abarth red stitching.

"SACS – Abarth 695 Tribute Ferrari" is handmade by Tramontano, the famous [workshop](#) in Naples.
